PROPOSTE 2025: LASTEST NEWS

Less than a month to the opening of **Proposte 2025, the world preview of furnishing fabrics and curtains.**

The 32nd edition of Proposte will be held from **Tuesday, May 6 to Thursday, May 8, 2025**, at Villa Erba in Cernobbio.

78 exhibitors - 30 Italians and 48 international - will present a preview of their new collections of furnishing fabrics, curtains, trimmings, and wall coverings.

This year, the different and more rational layout of the exhibition area allows us to welcome **6 new exhibitors**: 2 from Italy, 1 from Belgium, 1 from Germany, 1 from the UK, and 1 from Finland. Their product quality meets the requirements for participation in the trade show. Indeed, Proposte stands out both as a specialized trade show exclusively reserved for direct producers of furnishing fabrics, curtains, trimmings, and wall coverings, and as a selective trade show where exhibitors share three fundamental features: company and product qualification, professionalism, and commitment to design and technological research.

Proposte will last three days and feature **3 special areas** developed within the exhibition area and integrating the commercial offerings proposed by the participating companies. As in the last editions, **Cometa Formazione, Alliance for European Flax-Linen & Hemp, and Fashion Room** have confirmed their presence.

For the third consecutive year, **Comocrea Interni**, the event dedicated to the design of furnishing fabrics, will be held in the Ala Regina, **with the participation of 22 of the best international design studios**. This collaboration will further enrich the visitor experience, offering a comprehensive overview of industry trends.

A few minutes from Villa Erba, at the Sheraton Lake Como Hotel, the 10th edition of the **International Observatory** will be held **with the participation of 8 international producers of furnishing fabrics**. Visitors with the Proposte e-badge can access the premises or accreditation is available at the reception desk. A shuttle service from the main entrance of Proposte will be available, ensuring a seamless connection between the two locations.
